The Date Night Orlando Creates Magic For Couples Across Central Florida

More than 1,000 couples have already experienced the magic.

August 15, 2022 (Clermont, FL) – Jesenia Caracciolo-Clayton fell in love with Orlando when she moved here at the age of 14 and has not stopped exploring the City Beautiful since that moment. Always on the hunt for something unique and having the ability to find truly one-of-a-kind experiences, family and friends quickly took notice of Jesenia’s talents and she began planning special occasions and date nights.

Jesenia founded The Date Night Orlando in 2020 amid the COVID-19 pandemic. She wanted to create a luxury experience for couples that would give them a hassle-free way to enjoy time with each other, even in dark times. More so, she wanted people to experience the magic of Orlando that she had fallen in love with without the stress of planning.

"The idea behind The Date Night was born as the solution to a pretty widespread problem: the time it takes to put a good date together when you're already busy or have no idea where to start," notes Jesenia. "We added convenience and a done-for-you approach to put an end to bad, thrown-together dates and the ever-dreaded "what do you want to do tonight" conversation"

The Date Night Team has created more than 1000 unique experiences for couples all over Central Florida ranging from nighttime paddleboarding adventures, to exclusive shows and truly unique dining experiences. In as little as 30 minutes a personal concierge can plan the perfect night that you and your partner are guaranteed to love. They also offer double date, group date and monthly membership options.
